Commission

# H2020-ITN-2016

## Info Day

12 December 2016

# RECRUITMENT

**Charalampos Moschopoulos**

Research Executive Agency  
Unit REA-A1

Research  
Executive  
Agency

- 1. Eligibility Criteria**
- 2. Recruitment & working conditions**
- 3. Charter and Code for Researchers**
- 4. Don'ts!**

# 1. Eligibility Criteria

# Attracting global researchers

*"The researchers may be a national of a Member State, of an Associated Country or of any other third country"*

## Mobility rule

- The researcher must not have resided or carried out his/her main activity (work, studies, etc) in the country of his/her host organisation for more than **12 months in the 3 years** immediately prior to his/her recruitment.
- Short stays, such as holidays, are not taken into account.
- **Exceptions International Organisations:** Eligible researcher must not have spent more than 12 months in the 3 years immediately prior to the date of selection in the same appointing international organisation

# Refugees and ITN mobility rule

The annotated Grant Agreement published on 1<sup>st</sup> July 2016 states:

*For refugees under the Geneva Convention<sup>[1]</sup>, the refugee procedure (i.e. before refugee status is conferred) will not be counted as 'period of residence/activity in the country of the beneficiary'.*

(page 394)

[1] 1951 Refugee Convention and the 1967 Protocol.

# EU Sanctions compliance in the MSCA

**Nationals of or residents in some countries, and for particular scientific fields,** against which EU restrictive measures are in place, may be subject to EU sanctions.

- Most sanctions are enacted through EU Regulations, which are directly applicable, i.e. **individual beneficiaries need to ensure compliance with them.**
- The REA is entitled to **request clarification** for MSC researchers who are nationals of countries subjected to EU sanctions and doing research in **particular fields (scientific, dual use misuse).**
- A list of these countries can be found here:  
[https://eeas.europa.eu/sites/eeas/files/restrictive\\_measures-2016-10-11-clean.pdf](https://eeas.europa.eu/sites/eeas/files/restrictive_measures-2016-10-11-clean.pdf)
- In case of doubt, contact your PO for further instructions.

# Eligible researchers

## Early Stage Researchers (ESR)

- ESR shall at the time of recruitment by the host organisation, be in the first four years\* (full-time equivalent research experience) of their research careers and have not been awarded a doctoral degree.
- Duration of recruitment: **min 3** to **max 36** months (typical recruitment: 36 months)
- Any nationality

\* *is measured from the date when a researcher obtained the degree which would formally entitle him or her to embark on a doctorate, either in the country in which the degree was obtained **or** in the country in which the researcher is recruited or seconded, irrespective of whether or not a doctorate is or was ever envisaged*

# Date of recruitment

***'Date of recruitment'*** means the first day of the employment of the researcher for the purposes of the action

*(i.e. the starting date indicated in the employment contract/equivalent direct contract).*

## **2. Recruitment and working conditions**

# Recruitment Process (1)

- Advertise and publish vacancies **internationally**
  - Beneficiaries must publish vacancies as widely as possible,
  - Obligatory publication in the EURAXESS Jobs Portal
- Follow **an open, transparent, impartial equitable and merit-based** recruitment procedure
- Ensure that **no conflict of interest** exists in or arises from the recruitment (family, economic interest, emotional life, ...)

## Recruitment Process (2)

- The recruitments have to be in accordance with the **European Charter and Code of Conduct** for the Recruitment of Researchers.
- The same principles should be followed **for all recruitments** during the lifetime of the project.

# Recruitment Process

**Best practice:** Networks have reported good results with **central recruitment** (all beneficiaries participate)

- The consortium should agree on drafting and advertising the vacancies.
- Use public sites to advertise the vacancies and give maximum exposure (EURAXESS, organisation sites etc).
- Use a common recruitment platform for receiving applications.
- For the best candidates, organise an onsite recruitment event.

# Recruitment and working conditions (*Article 32*)

***The host organisation shall recruit each eligible researcher under an employment contract***

- Contract with the researcher should reflect the requirements mentioned in the GA
- Researchers shall be duly informed of their **rights and obligations** as MSC researchers and about key elements of the grant

# Recruitment and working conditions (*Article 32*)

General principle:

- The recruiting beneficiaries host the researchers **at their premises** and provide training as well as the necessary means for implementing the action;
- Ensure that a career development plan is established and support its implementation

Exception EID and EJD:

- Fellow may be employed 100% by one beneficiary and sent to another participant for the share of time required by the Grant Agreement (Description of Action).

# Secondments

- In **ETN**, recruited researchers can be seconded to other beneficiaries and/or to partner organisations for a duration of **up to 30%** of their recruitment period (except for **EID** and **EJD** – where time spent at other participating organisations, in line with the proposal description, is not affected by this limitation).
- For **EID**, researchers must spend at least 50% of their time in the non-academic sector. This inter-sectoral mobility has to be between participating organisations located in different countries.

**In all cases**, recruited researchers can only be seconded to beneficiaries or partner organisations of the project.

# 3. The European Charter and Code for Researchers

# Charter & Code

**11 March 2005:**

*EC adopted a '**European Charter for Researchers and a Code of Conduct for the Recruitment of Researchers**' ("Charter & Code")*

**It contains 40 principles on the :**

- roles,
- requirements and
- entitlements of researchers, funders and employers

for **more attractive research careers** in an open European labour market.

*This presentation shall neither be binding nor construed as constituting commitment by the European Commission*

**full text**  
(in all 20 languages)

**leaflet**

# Charter & Code

**Reference framework** for rights and obligations of researchers, their employers and funders:

The **EUROPEAN CHARTER FOR RESEARCHERS** covers (amongst others):

- Recognition of the profession
- Career development
- Value of mobility

The **CODE OF CONDUCT FOR THE RECRUITMENT OF RESEARCHERS** covers (amongst others):

- Recruitment principles
- Selection criteria

European  
Commission

# 4. Don'ts!

## Don'ts!(1/2)

**Researchers recruited by one beneficiary but in reality hosted at another institution.**

*Must be physically hosted at the premises of the recruiting beneficiary\*.*

**Recruited researchers seconded to academic or non-academic organisations outside the consortium.**

Recruited researchers can be seconded only to other beneficiaries and/or to partner organisations of the project consortium

**Researchers recruited to work in the project, but in reality "normal" employees at the university / company working on non-project-related tasks**

*Recruited fellows must work full-time on the project.*

\*exception for EID and EJD

## Don'ts! (2/2)

### **Beneficiaries with no premises, or turnover, "hosting" fellows**

*It is the coordinator's responsibility to check that all beneficiaries have the operational capacity to participate in the network.*

### **Scientists-in-charge recruiting their family members etc. to work in the project or Beneficiaries recruiting fellows from teams of other consortium members**

*Should be strictly avoided (conflict of interest).*

*The recruitment procedure should be open, transparent, impartial, equitable and merit-based.*

*Projects must prove this, e.g. by keeping records of the advertisements, interviews, scorings, criteria, announcement of results etc.*

**Thank you for your attention!**
